They are dried up.

THE Houston Telegraph suggests that, if the Statesman has any candidate or candidates in view, who it fears will not stand under the two-thirds rule, that it would best give them up." We would respectfully inform the Telegraph, that we have no "candidate or candidates" at all, and do not expect to have any until a Democratic State Convention determines who they shall be. And now, in return for the kindness of the Telegraph, we would ask, if there are any second or third class men about Houston, who imagine they may get nominations by retaining the two-thirds perior abilities, and effected the nomination rule, and has the Telegraph these worthy patriots "in view?" If so, it had better 'give them up"-the role of the Corsicana Convention is played out. The democratic | cordially-we thought him a very good nations of the weaker brothers will prevent have the practical working of the rule. this. That is all we have to say just now.

WHAT do the people of Austin think of a otherwise? The Telegraph says "the ma-

A horse thief, another classes which furnish criminals of being ment good, all laws ought to be repealed. In Men who know better often consuit acts of dishonesty; but this is not because they do not fear punishment, but because they hope, not without reason, to escape detection. against forgery and swindling.

The fact is, that all this discussion arises out of partial consideration of classes of crime and the study of individual criminals. Whether in certain kinds of offences discrimination might not be allowed is a question open to debate. But we do not believe in throwing down all barriers, and treating the criminal only as a subject for philanthropic experiment.
